

DEPARTMENT OF COMMERCE**Bureau of Industry and Security****Technical Advisory Committees;
Notice of Recruitment of Private-Sector
Members**

SUMMARY: Seven Technical Advisory Committees (TACs) advise the Department of Commerce on the technical parameters for export controls applicable to dual-use commodities and technology and on the administration of those controls. The TACs are composed of representatives from industry representatives, academic leaders and U.S. Government representing diverse points of view on the concerns of the exporting community. Industry representatives are selected from firms producing a broad range of goods, technologies, and software presently controlled for national security, non-proliferation, foreign policy, and short supply reasons or that are proposed for such controls, balanced to the extent possible among large and small firms.

TAC members are appointed by the Secretary of Commerce and serve terms of not more than four consecutive years. The membership reflects the Department's commitment to attaining balance and diversity. TAC members must obtain secret-level clearances prior to appointment. These clearances are necessary so that members may be permitted access to the classified information needed to formulate recommendations to the Department of Commerce. Each TAC meets approximately four times per year. Members of the Committees will not be compensated for their services.

The seven TACs are responsible for advising the Department of Commerce on the technical parameters for export controls and the administration of those controls within the following areas: Information Systems TAC: Control List Categories 3 (electronics), 4 (computers), and 5 (telecommunications and information security); Materials TAC: Control List Category 1 (materials, chemicals, microorganisms, and toxins); Materials Processing Equipment TAC: Control List Category 2 (materials processing); Regulations and Procedures TAC: The Export Administration Regulations (EAR) and Procedures for implementing the EAR; Sensors and Instrumentation TAC: Control List Category 6 (sensors and lasers); Transportation and Related Equipment TAC: Control List Categories 7 (navigation and avionics), 8 (marine), and 9 (propulsion systems, space vehicles, and related equipment) and the Emerging Technology and Research

Advisory Committee: (1) The identification of emerging technologies and research and development activities that may be of interest from a dual-use perspective; (2) the prioritization of new and existing controls to determine which are of greatest consequence to national security; (3) the potential impact of dual-use export control requirements on research activities; and (4) the threat to national security posed by the unauthorized exports of technologies.

**Certain Lined Paper Products From
India: Initiation of Changed
Circumstances Review**

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has received information sufficient to warrant initiation of a changed circumstances review of the antidumping duty order on certain lined paper products (CLPP) from India. Specifically, based upon a request filed by Navneet Education Limited (Navneet Education), a producer/exporter to the United States of subject merchandise, the Department is initiating a changed circumstances review to determine whether Navneet Education is the successor-in-interest of Navneet Publications (India) Ltd. (Navneet Publications), a mandatory respondent in several prior administrative reviews of the *CLPP Order*.¹

SUPPLEMENTARY INFORMATION:**Background**

On September 28, 2006, the Department published an antidumping duty order on CLPP from India.² On October 17, 2013,³ Navneet Education informed the Department that effective September 30, 2013, the former company "Navneet Publications"⁴ changed its name to Navneet Education in accordance with the company's existing board of directors' resolution and Indian law. Navneet Education stated that the name change process began in August 2013 and was finalized by the end of September 2013. Navneet Education submitted a copy of "Fresh Certificate of Incorporation Consequent upon Change of Name" approved by "Government of India—Ministry of Corporate Affairs, Registrar of Companies, Maharashtra, Mumbai," dated October 17, 2013.⁵

Navneet Education explained that the purpose of its name change is to reflect the broader educational scope of the company's business in recent years, beyond the traditional and narrower paper publication line of business implied by the former name. Specifically, Navneet Education indicated that its company's "modern development and direction of its business has established the company as a leading supplier of educational publications, a strong brand in the field of educational and children's publications and scholastic stationary

Products from India and Indonesia, 71 FR 56949 (September 28, 2006) (*CLPP Order*).

² See *CLPP Order*.

³ See *Certain Lined Paper Products from India: Request for Changed Circumstances Reviews of Navneet Publications (India) Ltd.* (October 17, 2013) (CCR Request) at 8.

⁴ CCR Request at 2 indicated that Navneet Publications has participated as a respondent in the original antidumping duty investigation, and it has been a respondent in several antidumping duty administrative reviews, most often as a named mandatory respondent (e.g., in the second through fourth reviews it received the following company-specific margins of 1.34 percent, 0.43 percent, and 2.7 percent, respectively. In the fifth review, Navneet Publications received a non-selected rate of 11.01 percent. In the ongoing sixth review, it is again selected as a mandatory respondent).
